ELK GENERAL SEASON SPECIAL AREA DEFINITIONS AND DESCRIPTIONS

Notes:

1. "Private agricultural lands" are defined as privately-owned lands that are used for growing or storing plants for profit, in the form of pasture or stored feed for animal production, croplands, nurseries, vineyards, or orchards, but which do not include private timberlands.

2. Total capped tag quota consists of resident tags, nonresident tags and outfitter allocated tags. To see tag quota numbers broken out, refer to the 2026 Nonresident General Tags and Tags Allocated to Outfitters brochure online at **idfg.idaho.gov/rules**, or contact a Fish and Game office, see page 4.

3. "Private irrigated agricultural lands" are defined as private ***irrigated*** lands that are used for growing or storing plants for profit, in the form of pasture or stored feed for animal production, croplands, nurseries, vineyards, or orchards, but which do not include private timberlands.

4. Outside the National Forest System Boundary in Lemhi, Beaverhead, Brownlee and Pioneer Zones: — Antlerless Hunts: These hunts are open only outside the National Forest System Boundary on or within 1 mile of private agricultural lands which is defined as private lands that are used for growing or storing plants for profit, in the form of pasture or stored feed for animal production, croplands, nurseries, vineyards, or orchards, but which do not include private timberlands. The National Forest System Boundary is a legislatively set boundary — it is not necessarily the boundary of Forest Service property. State, private and other lands within the National Forest System Boundary are not open to hunting during this season. (Please refer to a U.S. Forest Service map for the location of this boundary.)
